

INGRID

- versatile
- variety of projectiles
- movement techniques

Sun Crests (stocks)

Sun Shot qcf X|Y|RB

- useful in combos and for checking opponents at distance

Overdrive (can fire even when regular shots still linger)

Sun Flare

qcf X (light stocks **Sun Crests** – up to 4; hold X to gain stocks more quickly)

qcf Y | RB

Overdrive (uses stocks; needs at least 2 for full destructive force)

Solar Burst

while airborne qcb X stocks

while airborne qcb Y | RB

Overdrive to further increase the window for follow up attacks

OVERDRIVE: 1 stock rank above normal version

Sun Rise qcb A|B|RT

- useful in combos
- anti-air (qcb A light version)

- medium is useful for stringing combos together (can cancel into it from light attacks)
- heavy > Solar Burst

Overdrive is safe

- you can cancel the third attack into a Super Art

Sun Veil (parry)

dd A|B|RT

- counter attacks (save it for easy-to-ready heavy hits)
- absorb projectiles (does not stop Super Arts or projectiles that hit multiple times)
- does not deplete Drive Gauge

Overdrive is quicker and absorb projectiles that hit multiple times and can counter throws

Vanishing Sun (instantaneously warps to set distances)

b|u|f A+B+RT

- medium and heavy will perform an attack after teleportation

f: **safe** (close the gap)

d: (teleport above) - guarding against it leaves opponents open to further attacks

b: (teleport back) - puts some distance between you and your opponent

- can attack simultaneously by pairing it with Sun Shot or *stocking*

Shinning Sun (1) (rising kicks)

qcf qcf A|B|RT

- stock boosts its properties
- invincible at startup

- hold button (A|B|RT) to get a nice power up;
spends stock

Order of the Sun (2)

qcb qcb X|Y|RB

X: *in* front of the opponent

Y: *at* the opponent

RB: *behind* the opponent

- stock increase the number of falling stars (hold down)

Cosmic Ray (3)

qcf qcf X|Y|RB

- perfect for follow-up to attacks that launch
